

Tel-Instrument is proud to announce that its employees raised \$2,500 for the East Rutherford YMCA foodbank which has delivered 18,000 meals to needy Bergen County residents impacted by the COVID-19 Pandemic.

Jeff O'Hara, Tel's CEO, indicated that it was heart-breaking to see cars lining up for miles for the weekly food distribution at the nearby East Rutherford, YMCA and we needed to do something to help our neighbors. Almost all of Tel's employees participated in the program. Mr. David Kisselback, CEO of the East Rutherford YMCA, is shown below accepting the contribution from Tel's CEO and participating employees.
