

Tel-Instrument Electronics Corp is pleased to announce that we have moved our Corporate, Engineering, Repair Center and our Manufacturing Department to a brand new building. At our new location we have nearly doubled our space, Improved our communications and can better now serve our customers. It is an exciting change for us and we will be upgrading all of our internal and external processes including our Web Site access, Support Center and much much more.

Our new address is below for all departments and we also have posted a few pictures of this new facility!

Tel-Instrument Electronics Corp.
