

Description

This product has been discontinued effective May 15, 2025. The direct replacement is the SDR-OMNI All-In-One Test Set.

The TR-220 provides test capability for Traffic and Collision Avoidance Systems (TCAS), Distance Measuring Equipment (DME) and Transponders (Modes A, C, and S). The TR-220 features state-of-the-art design technology. Microprocessor control results in easy-to-use operation that requires minimum amounts of training. Setup menu allows storage of various test parameters to facilitate quick recall of test conditions.
