

FEB 11,2025

A NEW Software update is available to all users of the SDR-OMNI and SDR-OMNI/MIL Test Sets.

We are excited to release this new version which includes full WIFI capability and numerous updates improving the SDR and its capabilities.

Please navigate to the SDR Downloads Tab to get a copy of the SW.

Click on the link to download the full package which includes the Service Bulletin, New Updater Utility, and Software with instructions.
