

Tel-Instrument Electronics Sales team will be in Australia and New Zealand from January 26th to Feb 10th, 2018 for customer visits and training. If you would like the opportunity to meet and see some of our products and get a live demonstration, please contact our representatives in the region to schedule an appointment. We look forward to meeting all of our customers and showing you our new innovative designs and capabilities that make Tel-Instrument the #1 provider of Transponder and Interrogator Test Sets in the world.
