

## Careers at Tel-Instrument Electronics Corp.

***MISSION READY. FIELD PROVEN. BUILT BY OUR PEOPLE.***

Tel-Instrument Electronics Corp. designs, manufactures, and supports advanced avionics test equipment for military, commercial aviation, OEM, MRO, and government customers worldwide.

Our products support mission-critical aviation systems, and our employees play an important role in delivering reliable equipment to customers who depend on performance, quality, and long-term support.

Tel-Instrument offers a hands-on work environment where employees can contribute directly to engineering, manufacturing, supply chain, quality, product support, and customer service operations.

### **Security Clearance Notice:**

Tel-Instrument Electronics Corp. supports U.S. Department of Defense programs. Certain positions may require eligibility to obtain or maintain a U.S. Government security clearance. Applicants should review position requirements carefully before applying.
