

September 2023 Announcement

Tel-Instrument Electronics Corp. (TIC) has just released the SDR-OMNI/MIL. The Military version of the highly successful SDR-All-In-One Avionic Test Set. This unit keeps all of the standard avionics testing capabilities but also adds TACAN and ATC Modes 1 & 2. This model is a direct replacement for legacy Tel-Instrument T-47 Series and the IFR 4000 and 6015 Test Sets. Contained in a rugged Class 1 MIL-SPEC packaging for rugged use in all weather and conditions for the military applications.
